

UPDATE ON OUR COVID-19 RESPONSE

Our first priority at Cannabis NB remains the health and safety of our teams and customers and we are taking significant preventive measures to ensure this. We will continue to adapt our processes to best serve our customers in a safe and healthy environment.

We thank our customers for the patience they've shown our team members over the last week as we've implemented steps to keep us all safe. Customers are also reminded that they can buy products online through our website www.cannabis-nb.com or can use our Cannabis NB Express option where you can pay online and pick up with limited interactions in-store.

Cannabis NB continues to assess the situation and make necessary changes as required. Cannabis NB takes its responsibilities as the only legal cannabis retailer in the province very seriously and will continue to act on the advice of public health officials.

We all play a role in keeping each other and our community safe – our team will do our part and we ask our customers to do the same. We respectfully ask that our customers respect social distancing while in our stores to protect themselves and our team members and continue to be patient with us as we make changes in our stores that will help all of us do that.
