SEED GUIDE

2023

INDICA

 Northern Lights Auto

Name: Parkland Northern Lights Auto

Price: \$55 / 2 for \$100

Pack Size: 5 pack

Auto flower: Yes

Parent Strains: Northern Lights X Blue Cheese Auto

Description: Parkland Flower's Northern Lights Auto is 30% sativa, 50% indica, and a 20% ruderalis strain. Auto Blue Cheese was hybridized with Northern Lights to mix the best of both worlds. The Northern Lights lineage presents earthy flavors and classic relaxing highs, while the Cheese lineage sweetens the taste, intensifying the organoleptic qualities of NL x Cheese cross.

 Cookies

Name: 34th Street Cookies

Price: \$55 / 2 for \$100

Pack Size: 5 pack

Auto flower: No

Parent Strains: Cookies X OG Kush X Pink Kush

Description: This sweet, earthy cultivar blends the potent effects of both its popular Cookies and OG/Pink Kush parents thanks to its impressive terpene production. Suited to indoor growing, it is hardy & pest resistant with a minimal stretch rate yet high yielding.

INDICA

 Bubba Kush 2.5

Name: 34th Street Bubba Kush 2.5

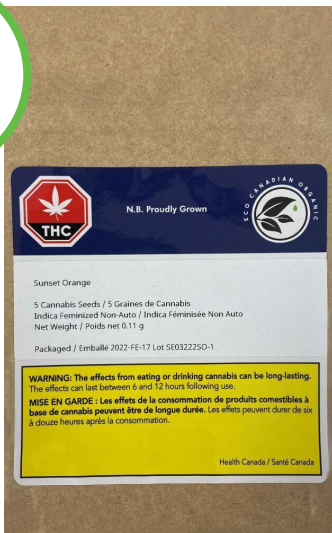

Price: \$55 / 2 for \$100

Pack Size: 5 pack

Auto flower: No

Parent Strains: Death Bubba X Bubba Kush 2.

Description: This genetic is Indica heavy with a high THC production potential. This plant will produce dark green flowers, with purple pigments in late flower with an incredibly pungent and classic aroma and flavor. The higher stretch rate will complement the larger yields but should be considered when growing either indoors or outdoors. Bubba Kush is a beginner friendly cultivar and is resistant to mold and pests, which makes it a great candidate for all growing types. Colder temperatures and environments should be avoided.

 Sunset Orange

Name: ECO N.B. Proudly Grown Sunset Orange

Price: \$55 / 2 for \$100

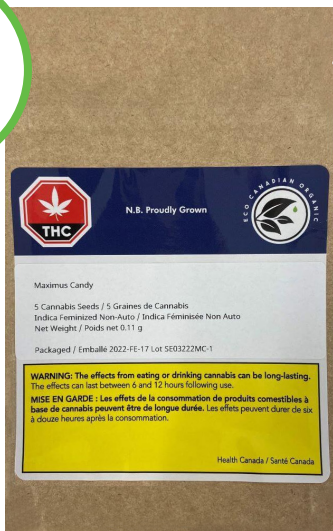

Pack Size: 5 pack

Auto flower: No

Parent Strains: OZ Kush x Orange Banana

Description: An invigorating blend of tangerine laden citrus notes, wrapped in hints of skunk. Adorned with predominantly capitate trichomes, Sunset Orange flowers are medium-sized and dense.

INDICA

Maximus Candy

Name: ECO N.B. Proudly Grown Maximus Candy

Price: \$55 / 2 for \$100

Pack Size: 5 pack

Auto flower: No

Parent Strains: Maximus x Queens Candy

Description: A vigorous, beast of a plant. Maximus Candy blends the vigor and size of Maximus with its dense flower and the sweet aromatic aroma of Queens Candy. The result being heavy hitting fruity notes, backed with a gassy finish.

Gorilla Glue

Name: Camp River Cannabis Gorilla Glue

Price: \$55 / 2 for \$100

Pack Size: 4 pack

Auto flower: Yes

Parent Strains: Chem Sister x Sour Dub x Chocolate Diesel

Description: Gorilla Glue Auto is an indica-dominant auto flowering strain with a pine and diesel aroma and extremely sticky flowers. Gorilla Glue Auto is a large size plant with one large central cola and multiple side branches all producing chunky and dense resinous buds. Once flowering starts, Gorilla Glue Auto will fill out thick and fast, and begins to pack on size, weight and go crazy with the trichome output. These 100% feminized seeds have been bred in greenhouse conditions and are suitable for indoor and outdoor cultivation across Canada. Gorilla Glue Auto has a flowering period of approximately nine to eleven weeks from seed to harvest.

HYBRID

Name: 34th Street Zkittles x FPOG

Price: \$55 / 2 for \$100

Pack Size: 5 pack

Auto flower: No

Parent Strains: Zkittlez X FPOG (Fruity Pebbles OG)

Description: This Zkittles & Fruity Pebbles cross crushes it with high THC, impressive cannabinoids & terpene profile. This resin covered wonder has a high production rate with large flower sites in 9 weeks. While it prefers warmer temperatures, use caution growing indoors as the stretch rate is fairly high. Luckily, ZFPOG responds well to topping and training!

Name: 34th Street Pink Lemonade

Price: \$55 / 2 for \$100

Pack Size: 5 pack

Auto flower: No

Parent Strains: Pink Kush X Lemon Skunk

Description: This strain smells fruity and screams lemons and grapefruit on the exhale. The bud is coated in a generous layer of trichomes atop jade foliage and bronze pistils. With a higher difficulty to grow, you can be rewarded with very high THC percentages and incredible terpene profiles. This genetic prefers warmer climates, so cold nights are to be avoided and should be harvested before October in North America.

HYBRID / SATIVA

 V.Kush 1:1

Name: Parkland Flower V.Kush 1:1

Price: \$55 / 2 for \$100

Pack Size: 5 pack

Auto flower: No

Parent Strains:

Description: Violator Kush is a high-quality strain from the famed region of India where Malana Cream hashish finds its origin. This particular pheno is a rare balanced cultivar, coming in at 8-12%+ CBD and 7-10%+ THC. For those who prefer the “body high” of an indica, Violator Kush delivers a very pleasing physical sensation of complete relaxation. With only 20% sativa genetics, this is definitely an indica-dominant variety. The strain has a pungent odor with strong earthy aromas and a musky taste.

 Double Chocolate

Name: 34th Street Double Chocolate

Price: \$55 / 2 for \$100

Pack Size: 5 pack

Auto flower: No

Parent Strains: Double Chocolate X OG

Description: This cultivar takes after its parents- the high yield & stretch rate of Double Chocolate combines with big OG style bud sites. Gassy & sweet, it has a very high THC & terpene profile. Double Chocolate X OG tolerates outdoor growing in Canada & with a flower time of 8-9 weeks, it's a good choice for any growing style.

SATIVA

 Pineapple Express

Name: 34th Street Pineapple Express

Price: \$55 / 2 for \$100

Pack Size: 5 pack

Auto flower: No

Parent Strains: Pineapple Skunk X Trainwreck

Description: This potent and flavorful cross brings out the best in the classic pineapple express and kicks it up a notch with incredible yields from the lineage. This earthy, and subtle tropical mix is a treat for the nose and produces amazing effects. The quick flowering plant will need some support when grown indoor or outdoor and has a low stretch rate for those with a height concern. Very easy to grow, along with great yields make this a great choice for new growers.

 Charlotte's Diesel

Name: Camp River Cannabis Charlotte's Diesel

Price: \$55 / 2 for \$100

Pack Size: 5 pack

Auto flower: Yes

Parent Strains: Charlotte's W x Sour Diesel

Description: Charlotte's Diesel's is a Sativa-dominant strain that smells and tastes like a herbal treat with pine and diesel undertones. Charlotte's Diesel grows fast and stretches during both the vegetative and flowering stages producing a tall plant with large buds. As to its effects, it is non-intoxicating yet offers a calming experience. These 100% feminized seeds have been bred in greenhouse conditions and are suitable for indoor and outdoor cultivation across Canada. Charlotte's Diesel has a flowering period of approximately nine to twelve weeks to maturity.
