

Change in Shipping Fees

Hello everyone,

We want to share some changes to our shipping fees for home delivery. Beginning on August 11th our flat shipping fee will increase to \$11 to ensure we are covering our costs. Another adjustment we will be making at this time is that home delivery shipping fee for online orders of \$150 and over will now be free.

*There is no change to same day home delivery fees, which will remain at \$11 where available.

We thank you for your understanding and support.
